Erratum

Erratum to "Watching the watchmen: A statistical analysis of mark consistency across taught modules" [Int. Rev. Econ. Educ. 17 (2014) 17–29]

Marco G. Ercolani [*], Joanne S. Ercolani

Department of Economics, Birmingham Business School, University of Birmingham, Edgbaston, Birmingham B15 2TT, UK

The publisher regrets that in the article there are errors in Eqs. (2)–(8). The corrected equations are given below:

$$\overline{\text{Mark}}_{\overline{id},md} = \sum_{i=1}^{M} \beta_i \overline{\text{Module\_}i}_{\overline{id},md} + \sum_{j=1}^{N} \alpha_j \text{Student\_}j_{\overline{id},md} + \bar{\varepsilon}_{\overline{id},md} \tag{2}$$

$$\overline{\overline{\text{Mark}}}_{\overline{id},\overline{md}} = \sum_{i=2}^{M} \beta_i \overline{\overline{\text{Module\_}i}}_{\overline{id},\overline{md}} + \sum_{j=1}^{N} \alpha_j \overline{\text{Student\_}j}_{\overline{id},\overline{md}} + \bar{\bar{\varepsilon}}_{\overline{id},\overline{md}}$$

$$\overline{\overline{\text{Mark}}} = \sum_{i=2}^{M} \beta_i \overline{\overline{\text{Module\_}i}} + \beta_0 + \bar{\bar{\varepsilon}} \tag{3}$$

$$\text{Mark}_{id,md} - \overline{\text{Mark}}_{\overline{id},md} + \overline{\overline{\text{Mark}}} = \beta_0 + \sum_{i=2}^{M} \beta_i(\text{Module\_}i_{id,md} - \overline{\text{Module\_}i}_{\overline{id},md} + \overline{\overline{\text{Module\_}i}})$$

$$+ v_{id,md} \tag{4}$$

$$\text{Bias\_}1 = \hat{\beta}_0 - \overline{\overline{\text{Mark}}} \tag{5}$$

$$\text{Bias\_}i = \hat{\beta}_i + \hat{\beta}_0 - \overline{\overline{\text{Mark}}} \quad \text{for } i = 2 \text{ to } M \tag{6}$$

$$\text{Mark}_{id,md} = \beta_0 + \sum_{i=2}^{M} \beta_i \text{Module\_}i_{id,md} + \sum_{j=2}^{N} \alpha_j \text{Student\_}j_{id,md} + \varepsilon_{id,md} \tag{7}$$

$$\text{Mark}_{id,md} - \overline{\text{Mark}}_{\overline{id},md} = \sum_{i=1}^{M} \beta_i(\text{Module\_}i_{id,md} - \overline{\text{Module\_}i}_{\overline{id},md} + \overline{\overline{\text{Module\_}i}}) + v_{id,md} \tag{8}$$

The publisher would like to apologise for any inconvenience caused.
